Who **we** are?

SPARKO Co. is a leading MEP contracting company in Ghana, specializing in mechanical, electrical, and plumbing (MEP) services for industrial, commercial, and residential projects. With +10 years of experience in Africa and Arab Gulf area. Our commitment to engineering excellence, innovation, and sustainability makes us a trusted partner for construction and infrastructure projects.

“We have a qualified, professional team specializing in both site execution and technical office operations, with extensive experience in engineering design and the preparation of shop drawings.”

Our expertise in HVAC, electrical systems, plumbing, firefighting, and low current solutions ensures that every project meets the highest standards of efficiency, sustainability, and safety.

Our Mission

Our mission is to strengthen our reputation as one of the region's leading Electrical service providers with proven capabilities, flawless integrity, innovative solutions, and excellence in all aspects of work we are involved in. We are committed to the highest standards of quality, safety, and exceptional performance by way of continued development through a team of dedicated professionals working toward the same objective.

Industrial, Commercial and Residential sectors
